# Deepshine® Smooth

## Keratin Care Deep-Penetrating Treatment

**WHAT IS IT?** A sodium chloride-free, color-safe, deep-penetrating restructuring treatment.

**WHO IS IT FOR?** For all hair types, including anyone with chemically or color-treated hair.

**WHAT DOES IT DO?** This deep-penetrating treatment delivers surface-smoothing conditioning. Replenishes moisture levels and instantly nourishes dull, weak hair. Helps to restore hair's elasticity, strength and vibrancy. Natural keratin moisturizes and restores youthful shine to hair.

**HOW DO YOU USE IT?** Apply to clean, wet hair. Massage in thoroughly. Leave in for 3 to 5 minutes. Rinse thoroughly.

**Deepshine® Smooth Keratin Care Deep-Penetrating Treatment** is an intensive conditioning treatment recommended for chemically and color-treated hair. Formulated with natural keratin, vitamins and nourishing marine botanicals to improve the strength of the hair, Deepshine® Smooth Keratin Care Deep-Penetrating Treatment leaves hair smooth, shiny and in luxurious condition.

### INGREDIENTS AND FUNCTIONS:

**Behentrimonium Methosulfate** is a conditioner that provides softness and body to hair.
